

GRAND RAPIDS[®]

MEDICAL HALL OF FAME

Nomination Form

RETURN BY JULY 1, 2008

Grand Rapids Magazine has sponsored the Grand Rapids Medical Hall of Fame since 2000, honoring the West Michigan medical and health care community for its distinguished accomplishments. The magazine staff and community co-sponsors have inducted 30 individuals for achievements ranging from pioneering orthopedic surgery and medical device inventions to the first viable vaccine for pertussis.

Inductees also have included medical business founders and community benefactors.

Grand Rapids Magazine has issued a community-wide call for nominations from throughout West Michigan for the Grand Rapids Medical Hall of Fame, with induction planned for September 2008.

Nominations must include the nominee's curricula vitae, biographical information and contact information, and should specify the reason for the nomination. An independent panel of out-state judges will review the nominations and make judgments for induction.
