**IF YOU ARE SEEKING** a serene escape, Jack's Restaurant & Lounge at the Holiday Inn in Spring Lake is the place to go. Well worth the drive, this memorable venue offers a fine dining experience with a beautiful riverfront setting.

Considered by many to be a "hidden treasure," Jack's offers a comfortable elegance that will put the hassles of the city behind you, welcoming guests with flickering tabletop candlelight set against the backdrop of boat lights cruising on the river. Then prepare to be impressed by the exceptional talents of Executive Chef Dustin Schultz and his culinary team, who will happily accommodate guests' special requests. Renowned for its flash-fried fish and crisp waffle-style chips, Jack's serves up top-notch seafood that runs the gamut from fresh almond-crust ed walleye in an Asiago butter-crum b crust, to items such as oven-roasted, pecan-encrusted whitefish finished with citrus butter, and horseradish-crust ed salmon topped with citrus honey. These are only a few of the delights that await you at Jack's, with a rotating selection of sinful desserts to sweeten your dining experience. The lounge, with its full-service bar, menu and laidback attitude, is the perfect place to catch up with friends or meet with business associates.
