WITH A VIBE UNLIKE ANY OTHER

Gilmore Collection restaurant, Red Ball Jet is an out-of-this-world, retro-hip cafe complete with outdoor patio that is the place to go for breakfast, lunch, dinner or just for coffee and snacks with friends.

Housed in the distinctive late-1800s triangular brick building that was the former Grand Rapids Public Library's Creston branch, Red Ball Jet is open daily 7 a.m.-8 p.m. and offers a full-service concept that combines casual coffee-house and deli fare with more upscale menu offerings for sit-down service at lunch and dinnertime.

Breakfast is something special at Red Ball Jet. There is an extensive coffee and smoothie list, but that's only the beginning. Choices include a selection of sweet and savory crepe creations that will have you coming back for more, along with omelets, seasonal stuffed French toast, breakfast panini sandwiches, house-made baked goods and a unique assortment of wood-fired brunch pizzas. In fact, the extensive, innovative wood-fired pizza menu tempts throughout the day, with items like the El Cubano, whose distinct flavors are reminiscent of a cubano sandwich.

For those on the run, Red Ball Jet offers carry & go service at outrageously reasonable prices, making it easy to snag one for the family on your way home from work. If you're within the delivery area, Red Ball Jet will even bring it to you. In the evenings, the streamlined menu offers a nice selection of original entrées sure to satisfy. It's a fun, original menu from top to bottom in one of the coolest spaces in the city. Once you bounce into Red Ball Jet, you won't want to leave.

Red Ball Jet Cafe offers traditional comfort food with a uniquely delicious twist.
