**NESTLED IN THE LANDSCAPED** haven of the golf course at Cascade's Watermark Country Club, The Grille at Watermark is open to the public year-round — and the public sure appreciates it.

Boasting gracious hospitality in a relaxed atmosphere, The Grille is a perpetual winner for GR Magazine's Dining Award recognition — thanks in large part to the superb, eye-appealing cuisine of Executive Chef/General Manager Eric Chaitin and his talented culinary team. They have created one very accommodating, all-purpose menu of innovative, American eclectic cuisine that changes seasonally to provide diners with the best the market has to offer, whether that be Copper River Salmon direct from Alaska, Chicago Cut prime beef or a Michigan cherry vinaigrette. Chef Eric hand selects only the fresh-

est, natural ingredients and then makes the magic happen. The menu, available throughout the day in both the dining room and lounge, ranges from a casual selection of small plates and specialty wood-fired pizzas, to dishes as elegant as Kobe beef. Special dining requests are readily obliged, demonstrating the staff's commitment to exceed expectations.

That same commitment is evident throughout the facility, from the friendly, attentive wait staff to the welcoming ambiance of the restaurant itself. Smartly decorated, a massive fireplace separates the lounge and full-service bar from the dining room, where dramatic lighting fixtures extend from the vaulted wood paneled ceiling. Rich wood accents throughout — from the Frank Lloyd Wright-inspired booths to the fireplace surround — bring harmony to the decor, while candles glow from linen-topped tables overlooking the championship golf course. Reservations are not needed for parties of eight or less. It's the perfect marriage of luxury and casual comfort. Make it your destination. 

Tableside S'mores with your own personal campfire.
